SALAH AL-DIN HUSSEIN ABBAS ABD AL-AMIR

Frontend & Web Application Developer

Diyala, Baqubah, Al-Tahrir • 07731601975 • salahalmahdawi784@gmail.com • github.com/name479

PROFESSIONAL SUMMARY

Computer Science graduate and Frontend Developer with over 2 years of practical experience building responsive web interfaces, interactive dashboards, and full-stack-connected applications. Highly skilled in leveraging modern web technologies and AI-augmented workflows to rapidly architect, develop, and deploy production-ready solutions (such as Live Commerce and Real-time POS systems) integrated with backend services like Supabase.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Responsive Design.
- **Backend & Databases:** Supabase, REST APIs, Real-time Data Management, Node.js basics.
- **AI & Workflow Tools:** Prompt Engineering, AI-assisted development workflows, Git & GitHub, VS Code.
- **Office & Productivity:** Microsoft Word, Excel, PowerPoint.

FEATURED PROJECTS

Live Commerce & Real-time POS Operations Hub

- Designed and built a fully functional, production-ready live commerce and point-of-sale web application.
- Integrated real-time inventory tracking and order management utilizing **Supabase** backend connectivity.
- Developed responsive, user-friendly frontend interfaces ensuring a seamless operational experience.

EDUCATION

Bachelor’s Degree in Computer Science (2025 – 2026)

Focus on core computer science foundations, software architecture, and practical application development.

LANGUAGES

- **Arabic:** Native
- **English:** Upper-Intermediate (Good professional proficiency in technical reading, writing, and communication)
